Quarterly report

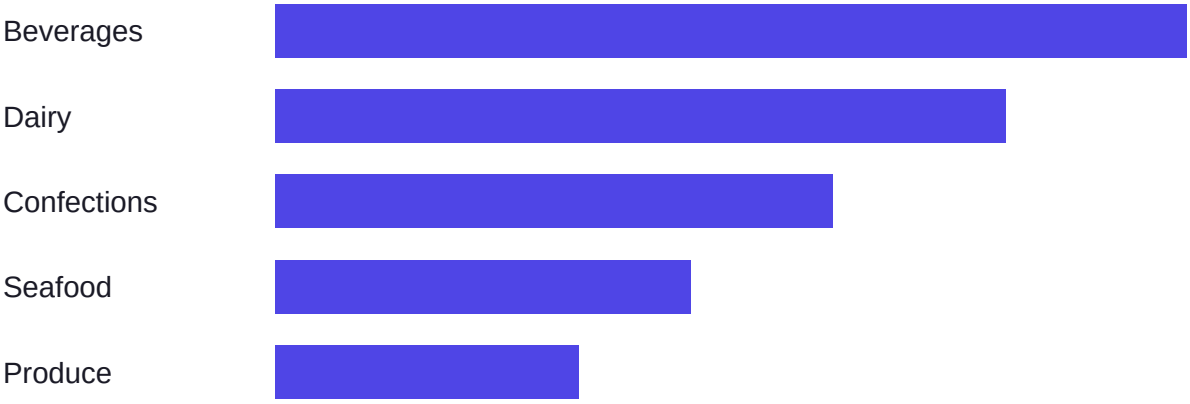
Third quarter, fiscal year 2026

Summary

Revenue grew 18 percent over the second quarter, led by the beverages and dairy categories. Gross margin held at 41 percent while shipping costs fell after the move to regional warehouses.

This sample document shows the OGE PDF viewer: pages are drawn as they come near the viewport, thumbnails sit in the sidebar, and Find in document highlights every match. Try searching for "revenue".

Revenue by category



Revenue by region

Region	Q2	Q3	Change
North America	412,000	498,500	+21%
Europe	388,200	446,900	+15%
Latin America	121,400	139,000	+14%
Asia Pacific	204,700	247,300	+21%
Middle East	58,900	66,100	+12%
Total	**1,185,200**	**1,397,800**	**+18%**

Revenue is reported in US dollars at the average rate of each quarter.
Regional totals include online orders shipped from the regional hubs.

Appendix: method

Figures come from the order ledger closed on the last business day of the quarter. Returns are netted against the quarter of the original order. Revenue excludes taxes and freight charged to customers.

Category growth compares the same calendar weeks so that holidays fall in both periods. Currency effects are shown separately in the finance appendix and are not part of this report.
